### Why creating a will should be your new year's resolution

Creating (or updating) your will is one of the most important goals to add to your list of New Year's resolutions. Without this document, there's no guarantee that your wishes will be fulfilled after death. You've spent your life working hard to support yourself and your family. Here are several reasons why making a will should be a priority on your list of resolutions for the upcoming year.

#### Ensure Your Wishes Are Honored

Crafting a will allows you to dictate how your assets and belongings will be distributed after your passing. Without a will, the distribution of your estate may be subject to the default laws of your state or country, potentially leading to outcomes that don't align with your wishes. A will ensures that your intentions regarding your estate are clearly documented and followed.

#### Protect Your Minor Children

If you have underage children, creating a will allows you to appoint a guardian of your choice to care for them in the event of your passing. Without a will specifying your wishes, the court may decide on guardianship based on its assessment, which may not align with your preferences.

### In less than 20 minutes, write or update your will for free!

The Bismarck Diocese has a partnership with FreeWill, an online service that makes it simple, cost-free and accessible to create your own will. Nearly 67% of American adults do not have an estate plan, missing a crucial element of Catholic stewardship.

Here's how it works:

1. From the convenience of your home, log in at [FreeWill.com/bismarckdiocese](http://FreeWill.com/bismarckdiocese).
2. Select a username and password.
3. Begin typing your information.
4. Once completed, your free will is ready to print.
5. You sign and notarize with a local notary public.\*
6. DONE!

Takes about 20 minutes to complete. It's easy and 100% FREE!

If your circumstances should ever change, it's easy and FREE to log back into FreeWill and change your will, then print the updated copy and have it notarized again.

*\*In the state of N.D., for a will to be legal, you MUST sign your will in front of a notary public. Most banks, insurance offices, investment offices and public libraries have notary publics who can witness your signature.*
